FEEDING DIRECTIONS

TO OPEN – Remove Top Cardboard and Protective Sheet

Adequate roughage must be available at all times. This product is designed to be fed at a rate of 0.75 to 1.5 lbs. per head per day based on a 1,000 pound animal.

DO NOT FEED TO OVERLY HUNGRY OR STARVED ANIMALS, AS OVER CONSUMPTION MAY OCCUR.

This product has been designed for "FREE CHOICE" usage in conjunction with good management practices. Consumption is controlled by a combination of factors including: composition of the supplement; hardness of the supplement; quality and quantity of roughage; weather conditions; previous feeding practices and management practices. Upon initial offering, place tubs at a ratio of one tub per 25 to 40 head and in an area where animals congregate, such as in loafing areas, near water source or where supplemental roughage is fed. Once animals have become accustomed to RANGEMATE SOLID FEED SUPPLEMENT consumption can be managed:

- **TO PROMOTE HIGHER LEVELS OF CONSUMPTION:** Increase number of tubs available. Relocate tubs closer to loafing, water, or feeding locations.
- **TO REDUCE LEVELS OF CONSUMPTION:** Reverse above practices.
To further manage consumption place only enough tubs to provide for a 3 to 4 day of desired consumption level twice weekly.
- **OBSERVE THE FOLLOWING PRECAUTIONS:** Provide unlimited drinking water. Provide adequate roughage in terms of both quantity and quality. Monitor consumption closely and employ above management practices to control animal intake.

SELLER MAKES NO WARRANTY, EXPRESSED OR IMPLIED, AS TO DESCRIPTION, UTILITY, PRODUCTIVENESS OR ANY OTHER MATTER, EXCEPT AS TO GUARANTEED ANALYSIS.

WARNING - CAUTION USE AS DIRECTED

THIS SUPPLEMENT SHOULD BE USED ONLY IN ACCORDANCE WITH THE DIRECTIONS ON THIS LABEL. THIS PRODUCT CONTAINS SUPPLEMENTAL SELENIUM (SE). INTAKE OF SUPPLEMENTAL SELENIUM SHOULD NOT EXCEED 0.3 PPM ON A DRY BASIS.

DO NOT FEED TO ANIMALS PRODUCING MILK FOR HUMAN CONSUMPTION.

CONSULT YOUR DEALER FOR PRODUCTS SPECIFICALLY DESIGNED FOR SHEEP/GOATS. THIS PRODUCT CONTAINS SUPPLEMENTAL COPPER AND AT NORMAL CONSUMPTION LEVELS MAY CONTRIBUTE SOME 5 TO 12 PARTS PER MILLION COPPER TO THE DIET. TOTAL DIET COPPER FOR SHEEP/GOATS FROM ALL SOURCES SHOULD NEVER EXCEED 20 PPM.

This product was manufactured in a facility that does not handle or store animal protein products prohibited in ruminant feed as described in 21 CFR section 589.2000 and 589.2001.
