# RangeMate Sheep & Goat Solid Feed Supplement #2316

For all classes of sheep and goats.

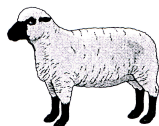

## GUARANTEED ANALYSIS

Crude Protein.....	Min.		16.0%
Crude Fat.....	Min.		5.0%
Crude Fiber.....		Max.	6.0%
Acid Detergent Fiber.....		Max.	9.0%
Calcium.....	Min.	2.0%	Max. 2.5%
Phosphorus.....		Min.	1.0%
Salt.....	Min.	2.25%	Max. 2.75%
Magnesium.....		Min.	2.4%
Cobalt.....		Min.	20.0 ppm
Manganese.....		Min.	230 ppm
Zinc.....		Min.	250 ppm
Iodine.....		Min.	5.0 ppm
Selenium.....	Min.	1.5 ppm	Max. 2.0 ppm
Vitamin A.....		Min.	100,000 IU/lb
Vitamin D <sub>3</sub> .....		Min.	25,000 IU/lb
Vitamin E.....		Min.	200 IU/lb

## INGREDIENTS

Molasses Products, Plant Protein Products, Processed Grain By-Products, Condensed Fermented Corn Extractives, Hydrolyzed Poultry Feathers, Manganese Polysaccharide Complex, Zinc Polysaccharide Complex, Sulfuric Acid, Salt, Calcium Oxide, Magnesium Oxide, Dicalcium Phosphate, Ammonium Sulfate, Lignin Sulfonate, Vitamin A Supplement, Vitamin D<sub>3</sub> Supplement, Vitamin E Supplement, Zinc Sulfate, Manganese Sulfate, Ethylenediamine Dihydriodide, Sodium Selenite, Cobalt Sulfate, Maltodextrin, Calcium Carbonate, Citric Acid, Yucca Schidigera Extract, Dried Aspergillus Oryzae Fermentation Product, Dried Aspergillus Niger Fermentation Product, Cobalt Carbonate, Lactic Acid.

U.S. Pat. No. 6,168,803 B1

803-2316/23

## FEEDING DIRECTIONS

TO OPEN – Remove Top Cardboard and Protective Sheet

Adequate roughage must be available at all times. The product is designed to be fed at a rate of 0.2 to 0.4 lbs. per head per day based on a 150 pound animal.

DO NOT FEED TO OVERLY HUNGRY OR STARVED ANIMALS, AS OVER CONSUMPTION MAY OCCUR.

This product has been designed for "FREE CHOICE" usage in conjunction with good management practices. Consumption is controlled by a combination of factors including: composition of the supplement; hardness of the supplement; quality and quantity of roughage; weather conditions; previous feeding practices and management practices. Upon initial offering, place tubs at a ratio of one tub per 25 to 40 head and in an area where animals congregate, such as in loafing areas, near water source or where supplemental roughage is fed. Once animals have become accustomed to **RANGEMATE SOLID FEED SUPPLEMENT** consumption can be managed:

- **TO PROMOTE HIGHER LEVELS OF CONSUMPTION:** Increase number of tubs available. Relocate tubs closer to loafing, water, or feeding locations.
- **TO REDUCE LEVELS OF CONSUMPTION:** Reverse above practices. To further manage consumption place only enough tubs to provide for a 3 to 4 day of desired consumption level twice weekly.
- **OBSERVE THE FOLLOWING PRECAUTIONS:** Provide unlimited drinking water. Provide adequate roughage in terms of both quantity and quality. Provide adequate mineral supplement free-choice in addition to **RANGEMATE SOLID FEED SUPPLEMENT**. Monitor consumption closely and employ above management practices to control animal intake.

**SELLER MAKES NO WARRANTY, EXPRESSED OR IMPLIED, AS TO DESCRIPTION, UTILITY, PRODUCTIVENESS OR ANY OTHER MATTER, EXCEPT AS TO GUARANTEED ANALYSIS.**

**DO NOT FEED TO ANIMALS PRODUCING MILK FOR HUMAN CONSUMPTION.**

## WARNING - CAUTION USE AS DIRECTED

THIS SUPPLEMENT SHOULD BE USED ONLY IN ACCORDANCE WITH THE DIRECTIONS ON THIS LABEL. THIS PRODUCT CONTAINS SUPPLEMENTAL SELENIUM (SE). INTAKE OF SUPPLEMENTAL SELENIUM SHOULD NOT EXCEED 0.3 PPM ON A DRY BASIS.

**This product was manufactured in a facility that does not handle or store animal protein products prohibited in ruminant feed as described in 21 CFR section 589.2000 and 589.2001.**
